Dataset Data Card

University Resume & CV Advisory Corpus (URCAC)

1. OVERVIEW & CONTEXT

- **Dataset Name:** University Resume & CV Advisory Corpus (URCAC)
- **Primary Purpose:** Grounded reference knowledge base (RAG Data Source) for an LLM advisory system assisting Data Science and IT undergraduates in structuring entry-level resumes and CVs.
- **Target Audience:** Senior undergraduate students and recent graduates in Data Science / IT disciplines (e.g., at JUST university) applying for industry roles or graduate programs.
- **Domain:** Career advisory, resume formatting standards, metric quantification, action verb optimization, and regional conventions (UK CV vs. US Resume).

2. DATASET COMPOSITION & SPECIFICATIONS

Source / Institution	Resource Name	Format	Pages	Words	Tokens	Target Standard
LSE (UK)	Application and CV Brochure	PDF/Text	15	~6,200	~8,200	**UK Standard**
Oxford Univ. (UK)	Guide to Careers (CV Chapter)	PDF/Text	8	~3,800	~5,000	**UK / European**
Harvard Univ. (US)	OCS Undergrad Resumes & Cover Letters	PDF/Text	12	~5,100	~6,800	**US Standard**
Harvard Extension (US)	Resumes and Cover Letters Guide	PDF/Text	10	~4,300	~5,700	**US / Professional**
Total Corpus	**4 Core University Guides**	**Text**	**45**	**~19,400**	**~25,700**	**Global / Multi-region**

3. DATA COLLECTION & PROVENANCE

- **London School of Economics (LSE) Careers:**
  `https://info.lse.ac.uk/current-students/careers/Assets/Documents/application-and-cv-brochure.pdf`
  Focus: Structure, bullet point framing, UK employer expectations, cover letters.
- **University of Oxford Careers Service:**
  `https://www.careers.ox.ac.uk/sitefiles/oxford-guide-to-careers-2026.pdf`
  Focus: Academic to industry transitions, technical project presentation, conciseness.
- **Harvard Office of Career Services (OCS):**
  `https://cdn-careerservices.fas.harvard.edu:443/wp-content/uploads/sites/161/2022/04/undergrad_resumes_and_cover_letters-1.pdf`
  Focus: One-page US resume standard, strong action verbs, impact quantification (STAR method).
- **Harvard Extension School:**
  `https://cdn-careerservices.fas.harvard.edu:443/wp-content/uploads/sites/161/2022/03/hes-resume-cover-letter-guide.pdf`
  Focus: Technical skills categorizations, professional summary vs. objective statement.

4. SAMPLE EXTRACTS FROM REPOSITORY

> ***Sample 1 (Personal Details - LSE Careers Guide):***
> *"In the UK, a standard CV should generally not exceed two pages. You should never include personal details such as your photograph, date of birth, age, marital status, or nationality unless specifically requested..."*

> ***Sample 2 (Action Verbs - Harvard OCS Guide):***
> *"Begin each bullet point under your experience or project sections with a strong action verb (e.g., Developed, Optimized, Engineered). Avoid passive phrases like 'Responsible for' or 'Worked on'. Quantify accomplishments wherever possible..."*

5. LICENSING, COPYRIGHT & ETHICS

- **Copyright Status:** All source documents are publicly available career guidance brochures published by officially recognized university career centers for open educational reference.
- **Usage & Rights:** Material is processed under **Fair Use / Educational Non-Commercial Purpose** for internal academic evaluation.
- **Privacy & PII:** No private, personal, or proprietary candidate resumes (Personally Identifiable Information - PII) are contained within this dataset.
- **Retrieval Scope:** Text is split into small informational snippets strictly used for contextual RAG retrieval and cited response generation.

6. PREPROCESSING & TECHNICAL PREPARATION FOR RAG

- **Extraction Pipeline:** Converted source PDFs into clean UTF-8 text using `pdfplumber` and PyPDF2 parsing libraries.
- **Chunking Strategy:** Segmented into chunks of ~500 characters (~100–150 words) with a 50-character overlap to preserve semantic continuity across section boundaries.
- **Metadata Indexing:** Each chunk is tagged with structured metadata: `[source_university, section_title, target_region, topic_category]`.
